Decision No. C09-1461

Effective Date: December 2, 2010

LOCAL SERVICES TARIFF

EXPLANATION OF SYMBOLS USED IN THIS TARIFF

The following symbols are used in this tariff for the purpose indicated below:

- C - To signify changed regulation.
- D - To signify discontinued service or deleted material.
- I - To signify increased rate.
- M - To signify a move in the location of text.
- N - To signify new rate or regulation.
- R - To signify reduced rate.
- T - To signify a change in text but no change in rate or regulation.

TARIFF FORMAT

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between Page 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14.
- C. **Paragraph Numbering Sequence** - There are various levels of paragraph coding. Each level of coding is subservient to its next higher level:
 - 2
 - 2.1
 - 2.1.1
 - 2.1.1.1
 - 2.1.1.1.A

LOCAL SERVICES TARIFF

SECTION 1 - APPLICATION OF TARIFF AND DEFINITIONS

1.1 APPLICATION OF TARIFF

This tariff sets forth the service offerings, rates, terms and conditions applicable to the furnishing of intrastate communications service by Cincinnati Bell Any Distance Inc. to customers within the State of Colorado. Local exchange business services will be provided in the State in service areas of any local exchange carriers with whom the Company has a resale agreement in effect. The services in this tariff will be provided where technically feasible.

LOCAL SERVICES TARIFF

SECTION 1 - APPLICATION OF TARIFF AND DEFINITIONS

1.2 DEFINITIONS

Certain terms used generally throughout this tariff are defined as follows.

1.2.1 Access Line

The connection of a Customer's premises to the public switched telephone network regardless of the type of technology used to connect the Customer to the network.

1.2.2 Basic Local Exchange Service

The telecommunications service which provides a local dial tone, access line and local usage necessary to place or receive a call within an exchange area and any other services or features that may be added by the Commission under section 40-15-502(2) C.R.S.

1.2.3 Central Office

A switching unit in a telecommunications system providing service to the general public, that has the necessary equipment and operating arrangements for terminating and interconnecting lines and trunks.

1.2.4 Central Office Line

A circuit used within a central office to connect to an individual line or any type of trunk.

1.2.5 Company

Cincinnati Bell Any Distance Inc. (CBAD) which is the issuer of this tariff. Also refers to the underlying provider whose facilities CBAD uses to furnish service.

1.2.6 Commission

The Colorado Public Utilities Commission

1.2.7 Customer

The person, firm, corporation or other entity that orders service and is responsible for the payment of charges and for compliance with the Company's tariff regulations.

LOCAL SERVICES TARIFF

SECTION 1 - APPLICATION OF TARIFF AND DEFINITIONS

1.2 DEFINITIONS (Continued)

1.2.8 Demarcation Point

The point at which common carriers terminate communications cabling in a building.

1.2.9 Direct Inward Dialing (DID)

A service attribute that routes incoming calls directly to stations, bypassing a central answering point.

1.2.10 Directory Listing

The publication in the alphabetical directory of information pertaining to a customer's telephone number.

1.2.11 Exchange

A unit established for the administration of telecommunications service in a specified area, defined in this tariff, which usually embraces a city, town, or village and its environs. It consists of one or more central offices together with the associated plant used in furnishing telecommunications service within that area.

1.2.12 Individual Case Basis (ICB)

A service arrangement in which the regulations, rates and charges are developed based on the specific circumstances of the customer's situation

1.2.13 Initial Service Period

The minimum length of time a customer is obligated to pay for service whether or not the customer retains the service for the minimum length of time. Unless stated otherwise in this tariff, the minimum period is 30 days.

1.2.14 Local Call

A call or telephonic communication originating and terminating between a calling station and any other station within the local service area of the calling station.

1.2.15 Local Calling Area

The geographic area approved by the Commission in which customers may make calls without payment of a toll charge for each call. Unless otherwise specified, local calling areas in this tariff shall be the same as the local calling area of Qwest.

LOCAL SERVICES TARIFF

SECTION 1 - APPLICATION OF TARIFF AND DEFINITIONS

1.2 DEFINITIONS (Continued)

1.2.16 Local Exchange Telecommunications Service

Local Exchange Telecommunications service or basic local exchange service and other such services identified in § 40-15-201, C.R.S., or defined by the Commission pursuant to § 40-15-402(2), C.R.S. regulated advanced features, premium services, and switched access as defined in § 40-15-301(2)(a), (b), and (e), C.R.S. or any of the above singly or in combination.

1.2.17 Network Interface Device (NID)

A jack conforming to Sub-part B of Part 68 of the FCC's rules provided by the Company as part of the LEC network. It will be located on the customer's premises and is considered to be the termination of the LEC network if installed by the Company. (See Demarcation Point)

1.2.18 Non-Recurring Charges

The one-time initial charges for service or facilities, including but not limited to charges for construction, installation, or special fees.

1.2.19 Recurring Charges

The monthly charges to the customer for services, facilities and equipment, which continue on the agreed upon duration of the service.

1.2.20 Service Commencement Date

The first day following the date on which the Company notifies the customer that the requested service or facility is available for use. This will be no later than five days following the request, unless extended by the customer's refusal to accept service which does not conform to standards set forth in the service order or this tariff, in which case the Service Commencement Date is the date of the customer's acceptance of service. The parties may mutually agree on a substitute Service Commencement Date.

LOCAL SERVICES TARIFF

SECTION 1 - APPLICATION OF TARIFF AND DEFINITIONS

1.3 AVAILABILITY

The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities to furnish service from time to time as required at the sole discretion of the Company.

The Company shall not be liable for any act or omission of any other company or companies furnishing a portion of the service, or for damages associated with service, channels, or equipment which it does not furnish, or for damages which result from the operation of Customer-provided systems, equipment, facilities or services which are interconnected with Company services.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.1 GENERAL

2.1.1 The regulations in Section 2 apply to all services contained within this tariff unless otherwise noted.

2.2 OBLIGATION AND LIABILITY OF COMPANY

2.2.1 Liability Limitations

Approval of language contained in this tariff by the CPUC does not constitute a determination by the Commission that the limitation of liability imposed by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of any exculpatory clauses.

2.2.2 Availability of Facilities

The Company's obligation to furnish service or to continue to furnish service is dependent on its ability to obtain, retain, and maintain without unreasonable expense suitable rights and facilities, and to provide for the installation of those facilities required incident to the furnishing and maintenance of that service.

2.2.3 Service Irregularities and Interruptions

In the event of an interruption to service which is not due to the negligence or willful act of the customer, there will be allowed a prorata adjustment of the monthly charges involved, for the service and facilities rendered useless and inoperative by reason of the interruption, during the time said interruption continues in excess of twenty-four hours from the time it is reported to the Telephone Company or detected by the Company. For the purpose of administering this regulation, every month is considered to have thirty days.

For the purpose of applying this provisions, the word "interruption" shall mean the inability to complete calls; incoming, outgoing, or both. "Interruption" does not include and no credit allowance shall be given for service difficulties such as slow dial tone, busy circuits, or other network and/or switching capacity shortages. Nor shall the credit allowance apply where service is interrupted by the negligence or willful act of the customer or the failure of facilities provided by the customer, or unlawful or improper use of the facilities or service.

No credit allowance will be made for interruptions due to electric power failure, where by the provisions of this tariff, the customer is responsible for providing electric power.

The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays or errors, or defects in transmission occurring in the course of furnishing service or facilities, and not caused by the negligence of the customer, or of the Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision, will in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which the mistake, omission, interruption, delay or error, or defect in transmission occurs.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.2 OBLIGATION AND LIABILITY OF COMPANY (Continued)

2.2.3 Service Irregularities and Interruptions (Continued)

The customer indemnifies and saves the Company harmless against claims for libel, slander, or infringement of copyright arising from the material transmitted over its facilities; against claims for infringement of patents arising from combining with, or using in connection with, facilities of the Company, apparatus and systems of the customer; and against all other claims arising out of any act or omission of the customer in connection with the facilities provided by the Company; and against any and all losses from damage to the customer's facilities or equipment attached or connected to facilities furnished by the Company.

2.2.4 Credits will be made for service interruptions of eight (8) or more hours during a continuous twenty-four(24) hour period after being reported by the customer or found to be out of order by the Company, whichever occurs first. The adjustment will be a credit on the monthly bill proportional to the duration of the service interruptions, with each occurrence of the loss of service for 8 or more hours during the 24 hours time period counting as one day. For purposes of computing a credit every month is considered to have 30 days.

2.2.5 Use of Connecting Company Lines

When the lines of other companies are used in establishing connections to points not reached by the Company's lines, the Company is not liable for any act or omission of the other company or companies.

2.2.6 Defacement of Premises

The Company is not liable for any defacement or damage to the customer's premises resulting from the existence of the Company's equipment and associated wiring on such premises, or from the installation or removal thereof, when such defacement or damage is not the result of the Company's negligence.

When the customer is a tenant and requests an installation that could, in the opinion of the Company, result in damage to the property of the owner, the customer must obtain, prior to installation, a written release from the owner or his authorized agent absolving the Company of liability.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.3 USE OF SERVICE AND FACILITIES

2.3.1 Ownership and Use of Service and Equipment

Equipment and lines furnished by the Company on the premises of a customer are the property of the Company, whose agents and employees have the right to enter the premises at any reasonable hour for the purpose of installing, inspecting, maintaining, or repairing the equipment and lines, or upon termination of the service, for the purpose of removing the equipment or lines.

Equipment furnished by the Company must, upon termination of service for any cause whatsoever, be returned to it in good condition, except for reasonable wear and tear.

Customer-provided equipment or protective circuitry may be connected to the telecommunications network in accordance with provisions of the Federal Communications Commission's registration program, as are now in effect or may become effective.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.3 USE OF SERVICE AND FACILITIES (Continued)

2.3.2 Connections of Customer-Provided Terminal Equipment and Communications Systems

A. General

Customer-provided terminal equipment and communications systems may be connected at the customer's premises to telecommunications services furnished by the Company, where the connections are made in accordance with the provisions of Part 68 of the Federal Communications Commission's (FCC's) Rules and Regulations, and any Company tariffs.

B. Responsibility of the Customer

The customer is responsible for the installation, operation and maintenance of any customer-provided terminal equipment or communications system. No customer-provided terminal equipment or communications systems or combinations thereof may require change in or alteration of the equipment or services of the Company, cause electrical hazards to Company personnel, damage to Company equipment, malfunction of Company billing equipment, or degradation of service to persons other than the user of the subject terminal equipment or communications system, the calling or called party. Upon notice from the Company that customer-provided terminal equipment or communications system is causing such a hazard, damage, malfunction or degradation of service, the customer must make whatever changes are necessary to remove or prevent the hazard, damage, malfunction or degradation of service.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.3 USE OF SERVICE AND FACILITIES (Continued)

2.3.2 Connections of Customer-Provided Terminal Equipment and Communications Systems

C. Responsibility of The Company

Telecommunications services are not represented as adapted to the use of customer-provided terminal equipment or communications systems. Where customer-provided terminal equipment or communications systems are used with telecommunications services, the responsibility of the Company is limited to furnishing service components suitable for telecommunications services and to the maintenance and operation of service components in a proper manner for those services. Subject to this responsibility, the Company is not responsible for (1) the through-transmission of signals generated by the customer-provided terminal equipment or communications systems, or for the quality of, or defects in this transmission; or (2) the reception of signals by customer-provided terminal equipment or communications systems; or (3) address signaling, where this signaling is performed by customer-provided signaling equipment.

At the customer's request, the Company will provide the interface parameters needed to permit customer-provided terminal equipment to operate properly with the Company's telecommunications services.

The Company may make changes in its telecommunications services, equipment, operations or procedures, where these changes are consistent with Part 68 of the FCC's Rules and Regulations. If changes made by the Company can be reasonably expected to render any customer's communications system or terminal equipment incompatible with telecommunications services, or require modification or alteration of the customer-provided communications systems or terminal equipment, or otherwise materially affect its use or performance, the customer will be given adequate notice of the changes in writing, to allow the customer an opportunity to maintain uninterrupted service.

D. Recording of Two-Way Telephone Conversations

The recording of two-way telephone conversations is governed by state and federal laws and regulations.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.3 USE OF SERVICE AND FACILITIES (Continued)

2.3.2 Connections of Customer-Provided Terminal Equipment and Communications Systems

E. Violation of Regulations

When any customer-provided terminal equipment or communications system is used with telecommunications services in violation of any of the provisions in this Section 2.3.2, the Company will take whatever immediate action is necessary for the protection of the telecommunications network and Company employees, and will promptly notify the customer of the violation.

The customer must discontinue use of the terminal equipment or communications system or correct the violation and must confirm in writing to the Company within 10 days, following the receipt of written notice from the Company, that such use has ceased or that the violation has been corrected. Failure of the customer to discontinue such use or to correct the violation and to give the required written confirmation to the Company within the time stated above will result in suspension of the customer's service until the customer complies with the provisions of this tariff.

F. Connections of Registered Equipment

The term "Registered Equipment" denotes equipment which complies with and has been approved within the registration provisions of FCC Part 68.

Customer-provided registered terminal equipment, registered protective circuitry, and registered communications systems may be directly connected to the telecommunications network at the customer premises, subject to FCC Part 68.

G. Premises Wiring Associated With Registered Communications Systems

Premises wiring is wiring which connects separately-housed equipment entities or system components to one another, or wiring which connects an equipment entity or system component with the telephone network interface or demarcation point not within an equipment housing. All premises wiring, whether fully protected or unprotected, must be installed in compliance with FCC Part 68.

Customers who intend to connect premises wiring other than fully protected to the telephone network must give advance notice to the Company in accordance with the procedures specified in FCC Part 68 or as otherwise authorized by the FCC.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.4 ESTABLISHMENT AND FURNISHING OF SERVICE

2.4.1 Application for Service

The Company may refuse an application for service if objection is made by or on behalf of any governmental authority to furnishing the service.

No billing adjustment for local exchange service previously furnished will be made and the new customer must assume all outstanding indebtedness of the original customer.

Pursuant to Commission rules, in the event the Company misses a service call, i.e., an appointment for a premises visit associated with installation of new service by more than four hours, the Company will make a credit to the monthly bill of the customer in the amount of one-third the Tariff rate for installation that was to be charged. This credit will also apply when the company misses scheduled installation work to be done in the central office.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.4 ESTABLISHMENT AND FURNISHING OF SERVICE (CONTINUED)

2.4.2 Deposits

The Company does not require a deposit from the Customer.

2.4.3 Telephone Numbers

The customer has no property right in the telephone number which is assigned by the Company, or any right to continuance of service through any particular central office, and the Company reserves the right to change the telephone number or the central office designation, or both, of a customer whenever it deems it necessary to do so in the conduct of its business.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.4 ESTABLISHMENT AND FURNISHING OF SERVICE (CONTINUED)

2.4.4 Notices

Any notice Company may give to a customer will be deemed properly given when delivered, if delivered in person, or when deposited with the U.S. Postal service, postage prepaid, addressed to the customer's billing address. Any notice the customer may give Company will be deemed properly given when delivered, if delivered in person, or when deposited with the U.S. Postal Service, postage prepaid, addressed to Company at the Company's address.

2.4.5 Payment for Service

- A. The customer is responsible for payment; monthly, or on demand, of all charges for facilities and services furnished the customer, including charges for services originated, or charges accepted, at such facilities. Charges are payable at the Telephone Company's Business offices or at any agency authorized to receive such payments.
- B. Bills are rendered monthly and include charges for local service for the current service month.
- C. The Company's bill format and content will comply with the provisions of Commission Rule 2304.
- D. Prior written notice will be given if service is to be temporarily denied or the contract terminated for the non-payment of any sum due for local exchange service in accordance with Paragraph 2.4.6 following.
- E. Billing disputes should be addressed to Company's customer service organization via the Company's toll-free telephone number, 800-571-6601 or by writing the Company at 221 East Fourth Street, Cincinnati, Ohio 45201. Customer service representatives are available from 8:00 am to 5:00 pm, Monday thru Friday, eastern standard time.
- F. In case of a billing dispute between customer and Company as to the correct amount of a bill, which cannot be adjusted with mutual satisfaction, customer may enter the following arrangement:
 1. First, the customer requests, and Company will comply with the request for an investigation and review of the disputed amount.
 2. The customer pays the undisputed portion of the bill on time or the service will be subject to disconnection if Company has notified customer by written notice of such delinquency and impending termination.
 3. Company will not disconnect customer's service for nonpayment as long as customer complies with this arrangement.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.4 ESTABLISHMENT AND FURNISHING OF SERVICE (CONTINUED)

2.4.5 Payment for Service (Continued)

- 4. If there is still disagreement over the disputed amount after the investigation and review by a manager of the Company, the customer may appeal to the Commission for its investigation and decision.
- 5. The address and telephone number of the Commission are:

Colorado Public Utilities Commission
 1560 Broadway, Suite 250
 Denver, CO 80202
 Telephone: 303-894-2070 (Local call only)
 Toll Free in Colorado only: 800-456-0858
 Facsimile: 303-894-2065

G. A subscriber who orders service or equipment installations, moves, or changes prior to the date of any increase in the one time charge applicable to such work will be subject to the one time charge in effect at the time the subscriber's order was received by the Company, provided the work is completed within the Company's normal installation interval in effect at the time the order was placed. However, if subsequent to the effective date of the increase in the one time charge, the completion of such work is delayed beyond the Company's normal installation interval and the delay is not caused by the Company, the subscriber will then be subject to the one-time charge in effect at the time the work is completed by the Company. Customers will be advised of any increase to the one time charge prior to the work being started.

H. Insufficient Fund Checks

Customers will be charged \$20.00 on all checks issued to the Company which are returned due to insufficient funds. At the discretion of the Company, the insufficient funds check charge may be waived under appropriate circumstances (e.g. a bank error).

I. Late Payment Charge

Customers will be charged a late payment penalty in the amount of 1.5% per month on all delinquent amounts owed to the Company. A bill is considered delinquent if not paid by the payment due date, which is at least 15 days after the billing date.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.4 ESTABLISHMENT AND FURNISHING OF SERVICE (CONTINUED)

2.4.6 Denials or Disconnection and Restoral of Service

- A. Upon fifteen (15) days written notice, the Company may discontinue service or cancel an application for service without incurring any liability for any of the following reasons:
 - 1. Non-payment of any sum due to the Company for basic local exchange service and any associated taxes and surcharges for more than thirty days beyond the date of rendition of the bill for such service;
 - 2. Violation of any regulation governing the service under this tariff;
 - 3. Violation of any law, rule, or regulation of an government authority having jurisdiction over the service; or
 - 4. The Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction.
 - 5. Customer uses equipment in such a manner as to adversely affect the Company's equipment or service to others.
- B. The Company reserves the right to discontinue or refuse service because of abuse or fraudulent use of service. Abuse or fraudulent use of service includes the use of service or facilities of the Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of appropriate charges, or violation of any law or regulation pertaining to telecommunications service.
- C. Service may not be refused, denied or disconnected for any of the following reasons:
 - 1. Delinquency in payment for service by a previous occupant at the premises to be served;
 - 2. Failure to pay any amount which, according to established payment dispute and resolution procedures, is in bona fide dispute.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.4 ESTABLISHMENT AND FURNISHING OF SERVICE (CONTINUED)

2.4.7 Special Equipment and Arrangements

Special equipment and arrangements requested by customers and not otherwise provided for in this tariff may be furnished where possible, if not detrimental to any of the services furnished by the Company, at charges that are in addition to other applicable charges.

2.4.8 Overtime

For work performed outside the normal working hours of the Company at the request of the customer, the additional expense incurred by the Company is charged to the customer in addition to other charges which are applicable. In such cases, charges based on the cost of labor, materials, and other costs incurred by or charged to the Company will apply. The customer will be notified in advance if such charges may apply.

2.4.9 Individual Case Basis (CB) Arrangements

Rates for ICB arrangements will be developed on a case-by-case basis in response to a bona fide request from a customer or prospective customer for service which varies from tariffed arrangements. Rates quoted in response to such requests may be different from the tariffed rates specified for such services. ICB rates will be made available to similarly situated customers.

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.4 ESTABLISHMENT AND FURNISHING OF SERVICE (CONTINUED)

2.4.10 Provisions for Certain State and Local Taxes and Fees

There shall be added to the customer's bill, as a separate item, an amount equal to the customer's proportionate part of any license, occupation, franchise, or other similar tax or fee, now or hereafter agreed to or imposed upon the Company by state or local taxing authorities, whether imposed by ordinance, franchise agreement or otherwise, and whether imposed upon or measured by the gross receipts, net receipts or revenues of the Company. Such amount will be added to the bill of each customer who receives service within the territorial limits of the taxing authority. Where more than one such tax or fee is imposed, each of the amounts applicable to the customer shall be added to the customer's bill as a separately identified item when required.

A. Colorado Universal Service Charge – High Cost Support

The Company will collect a Universal Service Charge from each Customer to fund the Colorado High Cost Fund. The surcharge will be added, when applicable, prorate to each Customer's total bill for all intrastate telecommunications services. The surcharge rate to be collected shall be that which is published by the Commission.

Effective Rate: 2.2%

B. Telephone Relay Service for the Hearing Impaired

Impaired Customers, upon written application and upon certification of their impaired status, which is evidenced by either a certificate from a physician, health care official, or state agency, or a diploma from an accredited educational institution for the hearing impaired, may receive a discount off message toll service rates, and, if they utilize telebraille devices, they may also receive free access to local and intrastate long distance directory assistance. Additionally, TDD lines maintained by nonprofit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the impaired may receive a discount off their message toll service rates.

Monthly Charge Per Access Line: \$.20

C. Colorado Low-Income Telephone Assistance Program (LITAP)

The Colorado Low-Income Telephone Assistance Program Access Line Charge will be charged in addition to all recurring Basic Local Exchange Service access line charges on a month to month basis, with the exception of state and local government bodies; and those subscribers eligible for the Low-Income Telephone Assistance Program.

Monthly Charge Per Access line: \$.07

LOCAL SERVICES TARIFF

SECTION 2 - REGULATIONS

2.5 EMERGENCY NUMBER 911 SERVICE

This service is offered solely as an aid in handling assistance calls in connection with fire, police or other emergencies. The Company is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or person for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by : (1) mistakes, omissions, interruptions, delays, errors or other defects in the provision of this service, or (2) installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of any equipment and facilities furnishing this service.

The Company is not responsible for any infringement or invasions of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of emergency 911 service features and the equipment associated therewith, or by any services furnished by the Company including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing emergency 911 service, and which arise out of the negligence or other wrongful act of the Company, the Customer, its Customers, agencies or municipalities, or the employees or agents of any one of them.

LOCAL SERVICES TARIFF

SECTION 3 - DIRECTORY LISTINGS

3.1 TERMS AND CONDITIONS

Listings are regularly provided in connection with local exchange service. At the request of the customer, the listing may be omitted from the directory and directory assistance records (Non-Published Service).

The rates and regulations specified in this section apply only to the alphabetical directory. The alphabetical directory is a list of telephone numbers of customers and others arranged alphabetically by surname, business, association, institution, or other nonresidence name.

The alphabetical directory is designed for the purpose of informing calling parties of the telephone number of customers and others listed in it. Accordingly, listings are intended solely for purposes of identification and are limited to information which is essential to such identification.

The Company does not publish a directory of subscriber listings. The Company, however, does arrange for the Subscriber's main billing number to be placed in the directory of the dominant local exchange carrier.

All Directory Listings, regardless of type, must conform to the specifications for the directories. The Company reserves the right to modify the listings to accommodate the space limitations in the directory. Not all listing types are available in all directories.

The Company may refuse a listing which does not constitute a legally authorized or adopted name, or any listing which in its opinion is likely to mislead or to deceive calling parties as to the identity of the listed party, or is intended for advertising purposes or is more elaborate than is reasonably necessary to identify the listed party. The listing of a service, commodity or trade name is not permitted except when such service, commodity or trade name is a part of the name under which the listed party conducts his or her business. The Company may, upon notifying the Customer, discontinue any listing found to be in violation of the foregoing regulations.

A descriptive term characterizing the listed party's business or purpose in a general way may be furnished (in abbreviated form) as a part of the listing, when desired and available. When the character of the listed party's business or purpose is apparent from the name under which it is conducted, a further designation is unnecessary and is not furnished.

LOCAL SERVICES TARIFF

SECTION 3 - DIRECTORY LISTINGS

3.1 TERMS AND CONDITIONS (Continued)

Abbreviations may be used to limit the length of any listing when in the opinion of the Company, the clearness of the listing and the identification of the listed party is not impaired by use of abbreviations.

Special arrangement of names is not permitted.

Non-Published Service customers forfeit non-address, non-list, or non-published service privacy when calling the Universal Emergency Number Service (911). The telephone number and address of the station from which the emergency call originates are passed to the Public Safety Answering Point along with the call in order for emergency units to respond to the call.

Incoming calls to Non-Published Service customers will be completed by the Company only when the calling party places the call by number. The Company will adhere to this practice regardless of any claim of emergency the calling party may present.

The acceptance by the Company of the customer's request for Non-Published Service does not create any relationship or obligation, direct or indirect, to any person other than the Customer.

The Company makes every effort to safeguard the address and numbers of Non-Published Service customers. However, in the absence of gross negligence or willful misconduct, no liability will attach to the Company for damages arising from inadvertently publishing the address or telephone number of a Non-Published Service customer in the directory; or disclosing the number or address to any person. The customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the number of a Non-Published Service customer in the directory or otherwise disclosed, the Company's liability is limited to and satisfied by a refund of any monthly charges made by the Company.

Providing the name, address and/or telephone number of a Non-Published Service customer to the customer's primary interexchange carrier for billing purposes only, does not constitute publication or disclosure of the customer's name, number and/or address under this tariff.

SECTION 3 - DIRECTORY LISTINGS

3.2 Definitions

3.2.1 Primary Listing

A primary listing is the listing furnished as a part of the local exchange service. It includes the name of the customer; a business, purpose, or other nonresidence designation when required; the address; and the telephone number.

3.2.2 Additional Listings

To be eligible for any type of additional listing, a customer must pay the appropriate monthly rate, if any, for a primary listing or its equivalent. Additional listings are listings which are similar to primary listings and furnished in addition to primary listings at the request of the customer.

3.2.3 Alternate Listings

Alternate listings are supplementary listings which usually follow a primary or regular additional listing and refer a calling party to other telephone numbers under certain conditions. The alternate telephone numbers may be those of other customers, subject to their consent.

3.2.4 Non-Published Service

Non-published listings are not printed in directories nor available from directory assistance. A non-published telephone service will be furnished, at the Customer's request providing for the omission or deletion of the Customer's telephone listing from the telephone directory and, in addition, the Customer's telephone listing will be omitted or deleted from the directory assistance records. Per Line Blocking Number Privacy will be provided when requested by the customer, to all non-published service customers at no extra monthly charge.

3.2.5 Foreign Listings

Where available, a listing in a phone directory which is not in the Customer's immediate calling area. The Customer will be charged the rates specified in the tariff published by the specific exchange carrier providing the Foreign Listing.

3.2.6 Non-List Service

Non-List Service allows customers to exclude their name, address, and telephone number from appearing in the Company's alphabetical directories. However, the customer's name, address, and telephone number will appear in the Directory Assistance information database and will be furnished to the calling party when requested through Directory Assistance.

SECTION 5 - OPERATOR ASSISTANCE

5.1 SERVICE DESCRIPTIONS

5.1.1 General Assistance: The Customer has the option to request general information from the operator, such as dialing instructions, county or city codes, area code information and Customer Service 800 telephone numbers, but does not request the operator to complete the call.

5.1.2 Busy Line Verification and Interrupt Service, provides the Customer with the following options:

Busy Line Verification: Upon request of the calling party, the Company will determine if the line is clear or in use and report to the calling party.

Busy Line Verification with interrupt: The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

LOCAL SERVICES TARIFF

SECTION 5 - OPERATOR ASSISTANCE

5.2 RATES AND CHARGES

5.2.1 Rates for busy line verification and interrupt services, as specified below, will apply under the following circumstances, per request:

The operator verifies that the line is busy with a call in progress.

The operator verifies that the line is available for incoming calls.

5.2.2 The operator verifies that the called number is busy with a call in progress and the customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party. One charge will apply for both verification and interruption.

Busy Line Verification	\$1.25
Busy Line Interrupt	\$2.00

LOCAL SERVICES TARIFF

SECTION 6 – BUSINESS ACCESS LINES

6.1 General

Business Access Lines may be purchased individually.

6.2 Terms and Conditions

Business Access Lines include the serving central office line equipment and all outside plant facilities including the network interface necessary to connect the serving central office to the customer's premises.

Business Access Lines provide access to and usage of 911 services and where available, access to operator services and directory assistance, and access to telecommunications relays service.

Business Access Lines allow for presubscription to toll services and access to interexchange toll providers.

The local calling area for each exchange is shown in the Exchange Area section of this tariff.

Local exchange services are only available where facilities permit and may be subject to special construction charges.

----------------	---

Both at same time	\$2.75 manual and \$.63 electronic change
-------------------	---

LOCAL SERVICES TARIFF

SECTION 7 – PRI SERVICE

7.1 Service Description

Primary Rate Interface (PRI) Service is an ISDN local exchange service that provides a Customer with the ability to transmit and receive multiple voice and data circuit switched calls simultaneously over a single Primary Rate Facility. PRI Service is available from suitably equipped central offices and where suitable loop facilities exist.

PRI Service consists of a Primary Rate Facility and B-Channel Bearer Trunks and D-Channel Bearer Services. The Primary Rate Facility and the ISDN Bearer Trunks are not offered separately. Up to twenty-three B-Channels Bearer Trunks and one D-Channel Bearer Service may be provisioned on each access line. In addition, optional features may be purchased as specified in 7.4 of this section.

PRI Service will provide transport of customer information over the 23 available B channels in the form of circuit-switched voice or data at speeds up to 64 Kbps. The basic service will include the 1.544 Mbps switched facility and the D-Channel Bearer Service. B-Channels will be ordered in addition to the Primary Rate Facility.

Dedicated B-Channel configuration: Dedicated trunk groups are the standard feature for PRI Service. Dedicated trunk groups must be assigned to handle one specific call type (examples: DID, DOD).

Three types of B-Channel Bearer Trunk Channels are available as follows.

- Standard channels provide the same features as analog trunk lines found in the Local Exchange Services section of this Nonresidence Service Agreement.
- DID channels provide direct inward dialing service.
- Two Way DID channels provide capability for two way standard service and direct inward dialing service.

D-Channel configuration: Each Basic PRI service will include a dedicated D-Channel for signaling.

All Bearer Trunk Channels use Medium Frequency (MF) or Dual Tone Multi Frequency (DTMF) signaling.

Only flat rate trunk channels are available.

LOCAL SERVICES TARIFF

SECTION 7 – PRI SERVICE

7.2 Definitions

7.2.1 Primary Rate Facility

A Primary Rate Facility is a digital pipe from the Customer's location to the Company central office which transports one or more ISDN Bearer Trunks (b. and c. following). A Primary Rate Facility can carry up to twenty-three 64 Kbps B-Channel Bearer Trunks and one 64 Kbps D-Channel Bearer Service. All selected Bearer Trunks and Services can operate on the Primary Rate Facility simultaneously.

7.2.2 B-Channel Bearer Trunks

B-Channel Bearer Trunks define the types of traffic that the Primary Rate Facility will carry. A B-Channel Bearer Trunk is a 64 Kbps information channel used in conjunction with circuit-switched service. These trunks can be configured as 1-Way In, 1-Way Out, or 2-Way.

7.2.3 D-Channel Bearer Services

The D-Channel Bearer Service is a 64 Kbps signaling channel used to control associated B Channels. One D-Channel is required for each Primary Rate Facility, and is included in the Primary Rate Facility's monthly rate.

LOCAL SERVICES TARIFF

SECTION 7 – PRI SERVICE

7.3 Regulations

- 7.3.1 PRI Service is furnished subject to the availability of suitable facilities and is only served from specially-equipped digital central offices.
- 7.3.2 Service from some central offices may not provide all of the features and functionality described in this section.
- 7.3.3 The minimum service period for PRI Service is twelve months.
- 7.3.4 The Customer must provide customer premises equipment that meets the technical requirements of the serving central office.
- 7.3.5 The Customer is responsible for providing power to all customer premises equipment (CPE) attached to the Primary Rate Facility.
- 7.3.6 The Customer must notify the Company when call type maximums and minimums are to be changed for the call-by-call feature. This is in order to maintain the proper provision of directory numbers and call control on the line.
- 7.3.7 Customers wishing to upgrade existing analog trunk service to PRI Service will be charged the listed initial charges for the appropriate number of Primary Rate Facilities and will have to convert to the PRI Service DID rate structure. Initial charges on B-Channel Bearer Trunk Channels are waived for the existing analog trunks that are moved to PRI Service. Any new channels added at the time of conversion to PRI Service will incur initial charges.
- 7.3.8 When a customer transfers a call, the customer is responsible for any toll charges associated with the customer originated leg(s) of the call.

LOCAL SERVICES TARIFF

SECTION 7 – PRI SERVICE

7.4 PRI Service Optional Features

The following features are available to PRI Service customers at additional cost.

7.4.1 Call-By-Call Service Selection

This feature provides the option for B-Channels to be assigned into a flexible trunk group which can support different call types based on real-time traffic needs. Call-By-Call service selection also allows primary as well as secondary long-distance carriers to be established for the entire trunk group (e.g., Alternate Routing Arrangement).

7.4.2 Individual Calling Line Identification (ICLID)

This feature provides customer access to the calling party's number. Feature operation is dependent on customer premise equipment and technology in use at the calling party's serving office. (Similar to the Caller ID feature available on access lines.)

7.4.3 Direct Inward Dialing (DID)

This feature provides Direct Inward Dialing to a station. DID Termination rates will apply per B-Channel configured with this option. ISDN Primary Rate Interface Service DID Number Blocks are ordered with DID Terminations on the B-Channels

7.4.4 Back-up D-Channel

This feature provides a minimum of three or more Primary Rate Interface Service facilities terminating at the same customer premises to share one primary and one secondary (or Back-up) D-Channel. The number of Primary Rate Interface Service facilities that can be shared by this feature will be based upon the availability of central office and other network facilities, and will be subject to change on a central office by central office basis.

7.4.5 Channel Transfer Service

This feature allows the customer to transfer an incoming call to another line and then hang up leaving the other two parties on a two-way call and freeing up the customer's line for another call. The customer will be responsible for toll charges associated with the transferred call. This feature is for digital channels only and is not intended for Integrated Prime Advantage channels used to transport analog, local exchange service.

SECTION 8 – EXCHANGE SERVICE AREAS

8.1 Exchange Service Areas

The Company provides business telecommunications services, as described in this tariff, within the Qwest Corporation exchanges within the State of Colorado and hereby incorporates by reference pursuant to 4 Code of Colorado Regulations 723-2-2122(b)(11), and mirrors the Exchange Maps in the Qwest Corporation Exchange and Network Services Tariff.

8.2 List of Exchange Areas and Local Calling Areas (LCA)

Listed below is a chart indicating the exchange areas and the additional localities outside of the exchange that Customers can call without a toll charge. Localities could include other exchanges, or specific wire centers within an exchange. Customers may have to use the direct dialing code of 1+ to place calls within their local calling area.

The 303/720 Local Calling Area, hereinafter referred to as, the "Greater Denver LCA", consists of the following exchanges and zones: Allenspark, Arvada, Aurora, Bailey, Boulder, Brighton, Broomfield, Castle Rock, Central City, Coal Creek Canyon, Deckers, Denver, Elbert, Elizabeth, Englewood, Erie, Evergreen, Fort Lupton, Frederick, Georgetown, Golden, Hudson, Idaho Springs, Keenesburg, Kiowa, Lafayette-Louisville, Lakewood, Littleton, Longmont, Lookout Mountain, Lyons, Morrison, Nederland, Parker, Sullivan, Ward; Byers and Deer Trail wire centers of Bijou Telephone Co-op Association, Inc.; Bennett wire center of Eastern Slope Rural Telephone Association, Inc.; Strasburg wire center of Strasburg Telephone Company, Inc.
